PURPOSE OF THE SHEET

This sheet aims to provide reliable information on the accessibility of the structure, to support an informed choice by the guest.
It does not constitute certification of total absence of barriers, as the evaluations must always be related to individual needs.

VERIFICATION METHOD

The information reported derives from an on-site check and describes the state of accessibility detected on the date indicated at the bottom of the sheet.

UPDATES AND CONFIRMATIONS

Over time, some features, services or equipment of the structure may change.

For this reason, when booking, it is always advisable to request confirmation of specific accessibility needs.

TOUR OPERATOR SERVICES

As regards hotel services, equipment, transfers, excursions and any special services, reference is made to what is reported in the official page of the structure and in the Tour Operator's catalog, as well as what is communicated by the agency at the time of booking.

Any additional or personalized services may be subject to a surcharge.
